Transparent LED Film LAT140

Bring New Life to Transparent Space

Superb Transparency

Self Adhesive

Easy Expandability

Enhanced Brightness

Product Reliability

A NATURAL BLEND WITH SPACE

Superb Transparency

The LG Transparent LED film reflects the object behind the product even after the product is attached and turned off. This offers a wide-open view while blending into existing interior design smoothly and delivers various information effectively by attracting the attention of passersby.

Fitting in with Flats and Curves

The LG Transparent LED film supports curvatures up to 2,000R convex and concave for curved glass or window applications, and offers even surface by durable, transparent layers. This allows a wide range of venues to be redesigned with the LAT140 as a landmark.

What is R?

EASY SPACE INNOVATION

Self-adhesive Film

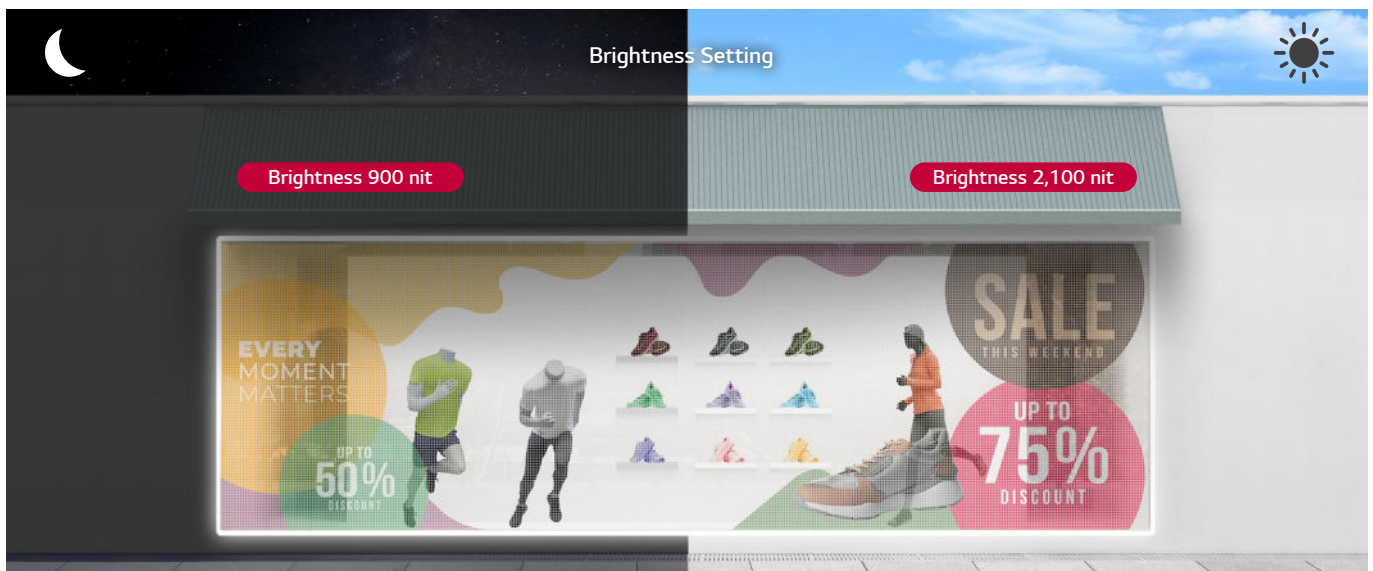

The LG Transparent LED film is self-adhesive, so it can be easily attached to the surfaces of existing window glass without the need for any complicated construction.

Outstanding Expandability and Flexibility

The size and layout of the film can be customized to fit into the installation area. It can be expanded by adding more films in a vertical or horizontal way, or cut in parallel with the bezel to meet size requirements.

EYECATCHING CONTENT DISPLAY

Enhanced Brightness and Control

The LED film with smaller pixel pitch, 14mm, and advanced brightness of up to 2,100nit(cd/m²)* attracts the attention of passersby while displaying a wide range of colors. Also, by using Control Manager solution, you can adjust and set brightness by timeline to deliver messages with optimal brightness.

* The examined brightness may differ from testing environments including a photometer.

SMART LED SIGNAGE

webOS Smart Platform

LG webOS is a web-centric platform, making it easier for SIs and developers to build web-based solutions according to various environments. By supporting SCAP and compatibility with HTML, CSS, and JavaScript, you can save time and labor costs.

* webOS API will be provided to authorized SIs and developers.

Control Manager

Through the Control Manager, available on internet-connected devices, you can set, control contents and monitor the status of multiple displays in different locations in real time. Especially for Transparent LED film installed on large area, the Control Manager helps you to play and check contents in easier way.

Real-time ConnectedCare Service

Maintenance is easy and fast with the optional ConnectedCare* service, a cloud service solution provided by LG. It remotely manages the status of displays in client workplaces for fault diagnosis and remote-control services, enabling the stable operation of clients' businesses.

* ConnectedCare is the brand name of LG Signage365Care Service. The availability differs by region.

COMPONENTS & SYSTEM CONNECTION

Components

1. LED Film 2. Bezel Kit 3. Power Adapter 4-1. Unit Controller 4-2. System Controller 5. One Box Controller

* The required amount of components vary depending on the screen size.
 * One Box Controller can replace Unit Controller and System Controller when install within 75 sheets of film.

System Connection

PRODUCT INFORMATION

LAT140

Pixel Pitch	14 mm
LED Type	3 in 1 SMD
Brightness	2,100 cd/m ² (Typ.)
Transmittance	53%
Curvature (Concave and Convex)	2,000R

DIMENSION

(unit: mm)

Transparent LED Film Panel

Bezel Kit

1st Bezel

Common Bezel

* Dimensions & Jack Panels may differ from the above image, so please contact LG sales team to verify before ordering.
