EPOS

EXPAND Vision 5
Series

Take video conferencing to a new level with EXPAND Vision 5 for small and medium-sized meeting rooms. A powerful all-in-one video bar with razor-sharp video and outstanding audio performance thanks to two integrated speakers and four microphones.

reddot winner 2023

iF DESIGN AWARD 2023

Certified for Microsoft Teams

zoom Certified

Key Features

All-in-one product

Speakers, camera, microphones, and compute are built in to make this an all-in-one device for small and medium-sized meeting rooms. No PC needed, with UC apps – such as Microsoft Teams – running natively on the device

Superb audio performance

Powerful speakers carry every word clearly. Beamforming microphone array ensures crisp voice pickup and effective noise and echo cancellation

Intelligent camera solution

Wide angle 4K camera with Sony sensor and electromechanical pan/tilt for optimal room coverage. Intelligent picture framing dynamically adjusts to include all people in the room – powered by EPOS AI™

Supports USB mode

Direct USB connection to PC or Mac® allows participants to bring their own device (BYOD) and run any UC solution from their laptop

Certified solution

Certified for meeting room solutions including Microsoft Teams Rooms on Android™ (with EXPAND Control) and Zoom Rooms

Wall Mount Bracket

Quick Guide

Compliance Sheet

Safety guide

Universal Power Supply

May vary depending on product variant

Additional benefits & features

Easy setup and installation
Quick and effortless configuration with flexible mounting options. Use the included wall-mount to hang it above or below the display or place it directly on a table

Cable management
Integrated cable management for a tidy meeting room and a consistent set-up. Supports Kensington lock to ensure the video bar remains where it should

Enterprise-grade security
Developed to meet the highest security standards

Guaranteed privacy
Comes with dedicated hard-wired mute buttons for camera and microphones

Content sharing
Share meeting content easily, through cable or wirelessly

Dual screen support
Display video content on two screens. See the presentation on one, participants on the other

Stay in control
Control the meeting with the EXPAND Control tablet or via a smart display touch screen

Centralized device management
Remote device administration and provisioning through EPOS Manager or UC provider solutions

Warranty and support
A two-year warranty ensures your investment is protected. Plus, access to EPOS Support team for questions and assistance

Automatic power saving
Goes into power saving mode when the motion sensor detects no activity in the meeting room

Statement Scandinavian design
Premium materials meet Scandinavian simplicity
