

EXPAND Capture 5

Join Intelligent Meetings

An intelligent speaker for all Microsoft Teams Rooms (MTR) systems on Windows, with a 7-beamforming microphone array and Cortana voice assistant.

Advanced voice recognition and transcription capabilities provide an inclusive meeting experience as if all in the room together.

Boost productivity and engagement with the task at hand for all meeting participants by ensuring remote attendees can hear everything as if physically in room. Meet the reality of the hybrid workplace, unite colleagues effectively, and take your virtual meetings to the next level.

Key benefits & features

Enhance the Microsoft Teams Rooms (MTR) experience

Connects to any Microsoft Teams Rooms (MTR) system on Windows including HP, Dell, Lenovo, Logitech, and Crestron

Advanced voice recognition

Identifies up to 10 distinct voices in the room and when enabled it transcribes a live feed of the meeting

7-microphone array

Provides superior audio for those listening, allowing for lifelike conversations

Designed with Cortana in mind

Start meetings and add participants handsfree with Cortana voice assistant for enhanced productivity

Enterprise-grade security and privacy

Full voice ID and data control, with voice signatures stored securely in Microsoft Office 365 cloud

EXPAND Capture 5

Speakerphone weight	402 g / 14.18 oz.
Speakerphone dimensions	123 x 53 mm / 4.84 x 2.09 in
Connects to	Microsoft Teams Rooms on Windows compute unit
Warranty	2 years

Audio

EPOS Voice™ technology	For a clear and natural listening experience. Beamforming digital MEMS omnidirectional microphones (7 microphones)
Microphone	7 digital MEMS omnidirectional microphones
Microphone frequency response	20 - 8.000 Hz
Microphone coverage	360 degrees
Speaker type	Neodymium
Speaker frequency response	150 - 20.000 Hz (communication)
Max Sound Pressure	70 dB
Communication-Audio performance	Exceptional conversation experience with excellent speech intelligibility and double-talk performance, even in challenging environments. Achieved through a highly advanced beamforming and echo cancelling system.
Fabric	The Kvadrat fabric is specifically selected for its resonance damping abilities ensuring highs without sharp peaks and lows with superior responsiveness. Overall this contributes to a smooth sounding system providing voices with warmth and clarity.

Technical

Cable length	1,5 m + 2 m / 4 ft + 6 ft
LED indicators	LED indicators EXPAND Capture 5: Mute indication and Cortana activities

Content of delivery

What's in the box	Intelligent Microsoft Teams Rooms speaker incl. powerbox, USB-A cable, power supply unit (universal), safety guide, quick guide and compliance sheet
