Integrated Intuitive Whiteboard

Premium AI Audio and Video

Full Device Ecosystem

Fits to All Rooms

Yealink MeetingBoard is a truly all-in-one collaboration space solution that fits all meeting rooms. It consists of a 4K camera, crystal-clear speaker, full-duplex microphones, and a 65/86 inch collaboration whiteboard to provide an immersive meeting experience and allow collaboration anytime, anywhere.

*Yealink reserves the right of final interpretation.

Premium and Intelligent Video Experience

— provides an immersive conference environment

· 4K Built-in Camera
· Professional SONY Image Sensor
· 12X/6X Detachable Optional PTZ Camera for Larger Spaces
· Electronic Privacy Shutter

(first in the industry)

Intelligent AI Features

Auto Framing Ι Speaker Tracking Ι Picture-in-Picture* Ι Smart Gallery* Ι Multi Framing*

Auto Framing

Auto framing recognizes the number and the positions of attendees, framing everyone smoothly in the most appropriate view even in small spaces.

Speaker Tracking

Speaker tracking frames a real-time close-up on the presenter, bringing a vivid face-to-face meeting experience and ensuring attendees are well-engaged.

Picture-in-Picture

Based on speaker Tracking, users can switch to Picture-in-Picture (PiP) mode when starting a meeting. PiP tracks and frames the speaker in an individual window, which is separate from the other window, for a panoramic view, enabling users to keep an eye on who's talking even if the speaker is seated at a distance in a medium room.

Smart Collaboration Whiteboard
— keep everyone connected and collaborative

4K visual presentation and easy menu navigation
Smart 4-level input digital ink recognition

| Fingers navigating | Pen tip writing | Tail end erasing | Palm rejection | Ink to shape | Notes |

Collaborate on diagrams - productive templates and the other crucial components

Cloud application — allows everyone to join and collaborate at any place

Designed with Simplicity and The Beauty of Details in Mind

—adds elegance and turns all your rooms into a collaborative workspace.

The MeetingBoard is completely encased in a metallic material. This enhances the texture, extends the product's service life, and is more environmentally friendly.

Choose between the movable floor stand, sculpted like the legs of a ballet dancer, or the wall mount.

4 universal casters allow you to move the Meeting-Board around easily.

Thanks to the single-cable setup, you can get started within minutes.
