Video Conference Meeting Bundle

Speak2 75

The best professional speakerphone for hybrid working technology for life's new rhythm

OutStanding Audio Quality

Forget everything you think you know about portable speakerphones. We're tearing up the rule book with super-wideband audio¹, and an advanced full range 65mm speaker.

Full Duplex Audio

Some speakerphones don't allow both sides to speak and beheard at the same time, but we think conversations are better when they flow naturally.

Microphone Technology

With four state-of-the-art beamforming microphones, and the very latest digital signal processing algorithms, Speak2 75 effortlessly harnesses every change in voice tone, so every nuance is picked up. Innovative noise reduction technology keeps background distractions at bay.

Microphone Quality Indicator

Experience another level of audio coverage that fills every corner with Speak2 75 linking.

Premium Portable Design

The iconic, much-loved 'puck' shape of the original Speak Series gets a serious makeover with Speak2 75. Looks great. Performs even better.

Key features and benefits

Full Duplex Audio: Natural two-way conversations without cutoffs.
 4 Beamforming Mics: Clear voice pickup, noise reduction.
 Voice Leveling: Everyone sounds equally loud.
 Super Wideband Audio: Rich, detailed sound.
 USB-C, USB-A & Bluetooth: Flexible connectivity.

Video Conference Meeting Bundle

Jabra Panacast 20

Engineered for intelligent AI-enabled personal video conferencing

Personal video. Reinvented.

This premium personal video conferencing device utilizes cutting-edge technology to deliver an experience that's intelligent, powerful, and completely unique; PanaCast 20 is personal video conferencing, completely reinvented.

Picture perfect.

Our innovative technology uses advanced processors, powerful onboard AI and a premium 13-megapixel camera to deliver a real-time 4K Ultra-HD image that's sharp and crystal-clear, with

Are you ready for your close-up?

Being seen clearly makes all the difference. Our intuitive AI-driven Intelligent Zoom automatically follows your movements, perfectly framing you, whatever you're doing. Using a powerful on-board AI processor, Intelligent Zoom intuitively adjusts your picture in real time.

Seamless UC connectivity.

PanaCast 20 works with all leading UC platforms so you can connect easily, whatever platform or systems you're using.

Lightyears ahead.

With PanaCast 20, almost any light is good light. Intelligent Lighting Optimization analyzes your environment, and automatically adjusts your image in real time, to enhance the video quality, including in rooms where the light is poorly distributed.

Key features and benefits

- AI-powered 4K Ultra-HD video
- Secure Edge AI processing
- Intelligent Lighting Optimization
- Intelligent Zoom
- Picture-in-Picture
- Plug-and-play USB connectivity
- Easy, instant collaboration
- Use wherever you work from
